THE CHARLESTON TRIAL TRIP.

The baptism of brine which the Charleston took, off Monterey on Wednesday last, must have caused the builders to feel a thrill of pleasure. She encountered unexpectedly heavy weather and at times the seas swept over her decks and buried them under seven feet of water. She shook off these tremendous seas with scarcely an effort, and obeying the slightest touch of the wheel plowed through the waves, a perfect picture of what the skill and brains of man can produce in the way of superb marine architecture. She is the first war vessel built on this coast and from all accounts, her first meeting with the sea is as crucial a test of her structural qualities as will ever be made again during her life time.

The builders learned their trade of constructing heavy machinery in fitting the Comstock mines with some of the most ponderous and perfect machinery in the world and their hand did not lose its cunning when they forged the engines of the Charleston, and fitted her for her battle with the sea.

The flag of our coast pride goes up to the masthead along with the pennant of the Charleston, and from all sides is heard nothing but praise from men qualified to judge of the points of a staunch, well built ship.

A NEVADA EXHIBIT.

Dr. F. M. Biber has been appointed Commissioner to the Paris Exhibition by Governor Stevenson. The Legislature last Winter, which in several respects was exceedingly liberal with the public money, made no provision whatever for having the mineral productions of the State exhibited at the great international exhibition. Dr. Biber, who is a public-spirited gentleman, seeing that the State was not going to be represented at Paris, procured the appointment of Commissioner, and is now, at his own expense, collecting samples of ores and minerals, which he will take to the Fair for exhibition. He says Nevada can show as rich and extensive a variety of minerals as any State on the globe, and he will do his utmost to have the space allotted to the State filled with as fine a collection of ores as can be found anywhere. He is now collecting specimens in this county, and our citizens should assist him in every way possible to make a choice collection, as it will advertise the resources of the State and may attract capital to Nevada.

—Silver State.

Dr. Biber came to this city yesterday, and proposes to make the exhibit tell. The California Commissioner is allowed \$50,000 by the State to boom California with.

REPLY TO A SUCKER.—In reply to a letter from New York inquiring as to the value of the property of the Premier Mining Company in Homer district, Mono county, the Index editor writes as follows:

"No such corporation is operating here. We have no sympathy to expend on a man who is such a gudgeon that he will bite at a bare hook. Even the stupid sucker is not allured to his death unless the trap is baited. But if the credulous victim is so close fisted that he cannot afford to invest a few dollars to pay for information that may save him thousands, he at least should have the manliness to take his medicine without squawking."

The New York Sun, says: "The Vaidis Sisters' dashing and daring performance in mid-air has the charm of originality, and is the most finished and perilous undertaking ever attempted by a gymnast. If their first trick is wonderful, the concluding one is a marvel. When Chevalier Blondin walked across Niagara on a rope he accomplished no more perilous feat than Lizzie Vaidis accomplishes every night in diving from the dome of the theater to a mattress eighty-five feet below. This is the part of no trick, but a triumph of gymnastic skill and daring."

TRIUMPH.

TRIUMPH is a beautiful bay; stands 15.3 and weighs over 1,200 and is the finest looking man ever saw. He took the first premium for 3-year-old stallions at the State Fair of 1888. TRIUMPH will make the Season the same as Gibraltar and Alpha. Terms, \$20 for the season; \$50 to insure.

PEDIGREE.

Triumph by Prompter, Prompter by Wilson's Blue Bull, the sire of more horses with records from 2 15 to 2 30 than any horse that ever lived. McL. E. Clement, Secretary of the Missouri Trotting and Racing Horse Breeder Association in writing to Dr. Hicks, of Sacramento, owner of Prompter, says that he would rather breed to Prompter than any Stallion that is alive to-day. Triumph's dam is the celebrated St. Clair mare, Lady Brighton, owned by Mr. M. Toomy of Sacramento. His dam is now over 20 years old and can trot in 2 40 any day in the week. Senator Stanford in his catalogue of 1887 was breeding to 26 St. Clair brood mares and the most of his horses that have made the best records for 2 3 1/2 and year-olds are out of St. Clair mares, namely: Fred Crocker dam by St. Clair, two year old record 2 23 1/2; Bonito, dam by St. Clair, 2 year old record 2 23 1/2; 3 year old record 2 19 1/2; Manzanita, dam by St. Clair, 4 year old record 2 16 fastest on record.

I have got 400 acres of pasture land enclosed and mares sent in care of me on the cars will be taken to the Ranch and bred and good care taken of them. Pasture, Two dollars per month, or will keep them up for \$20 per month as I have over 100 fine box stalls. Accidents and escapes at owner's risk. There is a fine race track on the Ranch and I will take horses to train or colts to break at reasonable rates. I also have a few Gibraltar colts to sell. If you want a good colt can sell you one cheap. Positively no shooting allowed on the premises.
